## Executive Summary School Accountability Report Card, 2009-10

### Soleado Elementary School

Address: 27800 Longhill Dr. , Rancho Palos Verdes CA 90275-3909  
Principal: Kevin Allen

Phone: 310-377-6854  
Grade Span: K - 5

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2009-10 school year, except the School Finances and School Completion data that are reported for the 2008-09 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

### About This School

Soleado Elementary School is one of ten schools serving the elementary students enrolled in the Palos Verdes Peninsula Unified School District. In a district that continues to pride itself in excellence and programs that challenge and support student learning, Soleado Elementary School is held in high esteem. We are proud of our students' rich cultural background, academic achievement, and involvement in extra-curricular activities. Soleado Elementary School is dedicated to education and creating lifelong learners to the fullest extent possible, to promoting positive self-esteem, and to preparing responsible and productive citizens for a challenging and technologically driven 21<sup>st</sup> century.

# School Accountability Report Card Reported for School Year 2009-10 Published During 2010-11

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) [SARC](#) Web page. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (School Year 2009-10)

Soleado Elementary School is one of ten schools serving the elementary students enrolled in the Palos Verdes Peninsula Unified School District. In a district that continues to pride itself in excellence and programs that challenge and support student learning, Soleado Elementary School is held in high esteem. We are proud of our students' rich cultural background, academic achievement, and involvement in extra-curricular activities. Soleado Elementary School is dedicated to education and creating lifelong learners to the fullest extent possible, to promoting positive self-esteem, and to preparing responsible and productive citizens for a challenging and technologically driven 21<sup>st</sup> century.

### Opportunities for Parental Involvement (School Year 2009-10)

Soleado Elementary, the PTA and the Booster Club encourage parental involvement. Currently many of our parents, grandparents, and community members engage in a wide variety of volunteer service to our school. We are proud to say that our students receive volunteer support through daily academic activities, Junior Great Books Program, Art At Your Fingertips Program, flexible groupings, and numerous PTA and Booster Club sponsored activities, and well as the enhancement from the exciting multi-cultural experiences that occur throughout the year. The PTA supports all areas of the instructional program and the Booster Club coordinates the fundraising to support the PTA programs and school improvements. These organizations have enabled our school to benefit from field trips, cultural enrichment assemblies, and campus beautification. In addition, the PTA and Booster Club have actively assisted in the acquisition of advanced technology for our school. This continued support has benefited all of our students. Other active parent groups include the Japanese, Korean and Chinese Parent Associations.

### III. School Climate

#### School Safety Plan (School Year 2009-10)

The Comprehensive School Safety Plan is designed to address safety issues that are directly related to daily operation of the school. Its goals are to create a safe and effective school environment that maximizes learning and provides a place where students can remain focus on the academic program.

The Comprehensive School Safety Plan addresses ten areas.

- Child Abuse Reporting and Procedures
- Disaster Procedures
- Policies for Suspension and Expulsion
- Procedures to Notify Teachers of Dangerous Students
- Discrimination and Harassment Policy
- The Provisions of a School-Wide Dress Code
- Procedures for Safe Ingress and Egress
- A Safe and orderly Environment Conducive to Learning
- The Rules and Procedures for School Discipline
- Hate Crime Reporting Procedures

A copy of the Comprehensive School Safety Plan is available for public inspection, upon request, in the main office of the school. A new Comprehensive Safety Plan is currently under development and will be available for Board approval March 1, 2011.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

### IV. School Facilities

#### School Facility Conditions and Planned Improvements (School Year 2010-11)

Soleado Elementary continues to be well maintained and is in excellent condition. Repairs are conducted by the district maintenance department as part of the scheduled up-keep of the facility or on an as needed basis.

#### School Facility Good Repair Status (School Year 2010-11)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

## V. Teachers

### Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE [DataQuest](#) Web page.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
With Full Credential	20	20	23	561
Without Full Credential	0	0	0	556
Teaching Outside Subject Area of Competence	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2008-09	2009-10	2010-11
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	0
Vacant Teacher Positions	0	0	0

### Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2009-10)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE [Improving Teacher and Principal Quality](#) Web page.

## VI. Support Staff

### Academic Counselors and Other Support Staff (School Year 2009-10)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor		
Library Media Teacher (Librarian)	0	N/A

Psychologist	.4	N/A
Social Worker	0	N/A
Nurse	0	N/A
Speech/Language/Hearing Specialist	1.	N/A
Resource Specialist (non-teaching)		N/A
Other	**	N/A

## VII. Curriculum and Instructional Materials

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2010-11)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	1 per student; Excellent; Reading, Houghton Mifflin Publisher, Adopted 2003	0
Mathematics	1 per student; Excellent; Everyday Mathematics, Science Research Associates, Adopted 2010	0
Science	1 per student; Excellent; K-2, Pearson; 3-5 Macmillian/McGraw Hill	0
History-Social Science	1 per student; Excellent; Social Studies, K-5, Macmillian/McGraw Hill	0

## VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2008-09)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE [Current Expense of Education & Per-pupil Spending](#) Web page and teacher salaries can be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$4449.52	\$86.68	\$4362.85	\$81032.20
District	N/A	N/A	\$8078.24	\$66796.00
Percent Difference – School Site and District	N/A	N/A	54%	21%
State	N/A	N/A	\$5681.00	\$66478.00
Percent Difference – School Site and State	N/A	N/A	-23%	22%

### Types of Services Funded (Fiscal Year 2009-10)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

For the 2009-10 school year, Palos Verdes Peninsula Unified School District spent an average of \$7,356.75 to educate each student (based on 2008-09 audited financial statements). The figures shown in the table below reflect the direct cost

of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and compared with other districts statewide. In addition to general fund state funding, Palos Verdes Peninsula Unified receives state and federal categorical funding for special programs. For the 2009-10 school year, the District received approximately \$1,619.45 per student in federal and state aid for the following categorical, special education and support programs:

- Special education
- Federal Stabilization Funding (ARRA)
- Title I
- Title II
- Title III
- Title IV Safe and Drug Free
- Title V
- Vocational Education
- American Councils for International Education
- Foreign Language Assistance Program (FLAP)
- Lottery
- Special education transportation
- TUPE 4-8
- TUPE 9-12 Grant
- EIA
- English Language Learner (4-8) Grant
- PE Teacher Incentive
- Community Based English Tutoring (CBET)
- ROP
- School Safety Block Grant (Carl Washington)
- Art and Music Block Grant
- CAHSEE
- Supplemental Counselors, Grades 7-12
- GATE
- Instructional materials
- Peer Assistance and Review
- Pupil Retention Block Grant
- Teacher Development Block Grant

## Teacher and Administrative Salaries (Fiscal Year 2009-10)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$47,198	\$41,155
Mid-Range Teacher Salary	\$69,606	\$65,379
Highest Teacher Salary	\$86,495	\$85,049
Average Principal Salary (Elementary)	\$105,612	\$106,453
Average Principal Salary (Middle)	\$108,406	\$111,487
Average Principal Salary (High)	\$136,606	\$121,513
Superintendent Salary	\$211,498	\$194,802
Percent of Budget for Teacher Salaries	0.40 %	0.30 %
Percent of Budget for Administrative Salaries	0.00 %	0.00 %

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and

mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2008 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

## Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2007-08	2008-09	2009-10	2007-08	2008-09	2009-10	2007-08	2008-09	2009-10

History-Social Science	0	0	0	70	75	76	36	41	44

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## Standardized Testing and Reporting Results by Student Group (School Year 2009-10)

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	75	56	*

*Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.*

## California Physical Fitness Test Results (School Year 2009-10)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\)](#) Web page. Note: Scores are not shown when the number of students tested is ten or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Grade Level	Percent of Students Meeting Healthy Fitness Zones		
	Four of Six Standards	Five of Six Standards	Six of Six Standards
5	13%	23%	49%

## X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\)](#) Web page.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2007	2008	2009
Statewide	10	10	10
Similar Schools	2	1	1

"N/A" means a number is not applicable or not available due to missing data.

"B" means this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by Education Code Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target and rank information are not applicable to LEAs.

"C" means this is a special education school. Statewide and similar schools ranks are not applicable to special education schools.

" \* " means this API is calculated for a small school or a small LEA, defined as having between 11 and 99 valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted. Similar schools ranks are not calculated for small schools.

### Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2007-08	2008-09	2009-10	2010
All Students at the School	-1	24	12	936
African American				
American Indian or Alaska Native				
Asian	18	6	-8	965
Filipino				
Hispanic or Latino				
Pacific Islander				
White (not Hispanic)	-15	27	46	878
Socioeconomically Disadvantaged				
English Learners	34	19	7	908
Students with Disabilities				

"N/A" means a number is not applicable or not available due to missing data.

"\*" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2008 or

2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

## Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

## Adequate Yearly Progress Overall and by Criteria (School Year 2009-10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	Yes	Pend
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	Yes	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	Pend

"Yes"

Met 2010 AYP Criteria

"No"

Did not Meet 2010 AYP Criteria

## Federal Intervention Program (School Year 2010-11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Number of Schools Currently in Program Improvement	N/A	
Percent of Schools Currently in Program Improvement	N/A	

## XI. School Completion and Postsecondary Preparation

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [General Admissions Information](#) Web page (Outside Source).

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [Undergraduate Admission & Requirements](#) Web page (Outside Source).

## Dropout Rate and Graduation Rate

This table displays the school's one-year dropout and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE [DataQuest](#) Web page.

## Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2009-10 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

Group	Graduating Class of 2009		
	School	District	State
All Students	N/A	100%	N/A
African American	N/A	2.3%	N/A
American Indian or Alaska Native	N/A	.2%	N/A
Asian	N/A	29.4%	N/A
Filipino	N/A	1.5%	N/A
Hispanic or Latino	N/A	6.5%	N/A
Pacific Islander	N/A	.6%	N/A
White (not Hispanic)	N/A	59%	N/A
Socioeconomically Disadvantaged	N/A	1%	N/A
English Learners	N/A	6%	N/A
Students with Disabilities	N/A	9.6%	N/A

## Career Technical Education Programs (School Year 2009-10)

This section provides information about the degree to which pupils are prepared to enter the workforce, including a list of career technical education (CTE) programs offered at the school.

Students enter the workforce successfully following postsecondary study and training. District courses include, but are not limited to:

- Broadcast Journalism (Live From 205)
- Video Production 1-4
- Digital Animation 1-3
- Digital Photography 1-3
- Principles of Engineering
- AP Computer Science
- Digital Electronics
- Civil Engineering and Architecture
- Engineering Development and Design
- Ceramics 1-4
- Drawing/Painting 1-2
- Sculpture 1-2

- Studio Art
- Web Design 1-4
- Gourmet Cooking
- Photo Journalism

## Career Technical Education Participation (School Year 2009-10)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of the school's pupils participating in CTE	N/A
Percent of the school's pupils completing a CTE program and earning a high school diploma	N/A
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	N/A

## Courses for University of California and/or California State University Admission (School Year 2008-09)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion, of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	N/A
Graduates Who Completed All Courses Required for UC/CSU Admission	N/A

## Advanced Placement Courses (School Year 2009-10)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE [DataQuest](#) Web page.

Subject	Number of AP Courses Offered	Percent of Students In AP Courses
Computer Science	**	N/A
English	**	N/A
Fine and Performing Arts	**	N/A
Foreign Language	**	N/A
Mathematics	**	N/A
Science	**	N/A
Social Science	**	N/A

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

PVPUSD recognizes the value of providing high quality staff development opportunities to all staff members. Three staff development days are provided on an annual basis by the District for teachers, administrators, and other staff members. Additional staff development opportunities are provided at the school site. PVPUSD has recently trained most of the teaching staff to effectively use differentiated instructional strategies.

## XIII. National Assessment of Educational Progress

## National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities and English language learners is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the [National Assessment of Educational Progress](#) Web page (Outside Source).

Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE [National Assessment of Educational Progress \(NAEP\)](#) Web page.

### National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – Aggregated

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight

Subject and Grade Level	Average Scale Score		State Percent at Achievement Level		
	State	National	Basic	Proficient	Advanced
Reading 2007, Grade 4	209	220	30	18	5
Reading 2007, Grade 8	251	261	41	20	2
Mathematics 2009, Grade 4	232	239	41	25	5
Mathematics 2009, Grade 8	270	282	36	18	5

### National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – Aggregated

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

Subject and Grade Level	State Participation Rate		National Participation Rate	
	Students With Disabilities	English Language Learners	Students With Disabilities	English Language Learners
Reading 2007, Grade 4	74	93	65	80
Reading 2007, Grade 8	78	92	66	77
Mathematics 2009, Grade 4	79	96	84	94
Mathematics 2009, Grade 8	85	96	78	92
